When using funds to pay others (such as sessional or freelance workers) Award Winners must avoid conflicts of interest, such as paying members of immediate family or household. Approval must be sought if you think a conflict of interest exists. We may ask you for more detail on your costs if your application progresses.

In relation to assets costing £1,000 or more they will remain UnLtd's property unless we agree otherwise, and at the end of your venture you must dispose of them as required by UnLtd. If disposal of assets gives rise to any income, we may seek repayment of the whole, or any portion of that income. Assets must only be used for the purposes of the venture. Unless we request disposal, at the end of your venture you will undertake to ensure that any assets will only be used for charitable purposes. If we end our agreement before completion of your venture, we may keep any of the assets.**
